

SUPER MIGHTY EDGE

SUPER MIGHTY EDGE™ is the latest innovative product from IVI-GOLF, makers of the industry-leading bunker liner, Sandtrapper. SUPER MIGHTY EDGE offers important value to the golf course professional by improving bunker performance over the long-haul.

PRODUCT FEATURES

SUPER MIGHTY EDGE is a patented bunker edge product with a simple, yet revolutionary design. The “Z” profile is made from a strong, flexible compound which holds the bunker edge and provides for long-term integrity against root zone encroachment. The barrier eliminates sand contamination and allows edge trimming without damage.

The design of SUPER MIGHTY EDGE incorporates a number of important features:

- heavy HDPE extrusion process
- machined installation straps
- 6-inch vertical profile
- easy to handle 7-foot lengths
- perforated upper straps for increased root zone growth

SUPER MIGHTY EDGE is an important choice for any course that struggles with bunker maintenance or has concerns over long-term, natural changes to bunker perimeters. Its innovative solution to the bunker edge dilemma is easy to install and is a cost-effective solution.

PRODUCT SPECIFICATIONS

The following chart shows the basic product characteristics necessary for planning your bunker renovation project.

PHYSICAL PROPERTIES		
SPECIFICATION	UNIT	AVERAGE DATA
Color	-	Tan
Material	-	High-Density Polyethylene
Thickness	mils	60
Section Length	inches	84 (7 ft)
Vertical Profile Width	inches	6
Strap Dimensions	inches	6(L) x 2(W)
Strap Spacing	inches	2
Packaging (per box)	-	10 sections
Packaging (total length)	LF	70

THE TOTAL BUNKER

SUPER MIGHTY EDGE is a part of the TOTAL BUNKER SYSTEM from IVI-GOLF/Sandtrapper. When used in conjunction with SANDTRAPPER bunker liners and SIFON DRAIN BELT, a superior level of bunker performance and maintenance is now possible.

SUPER MIGHTY EDGE and SANDTRAPPER work together to entirely “wrap” the bunker and protect your bunker from contamination and washout. SIFON DRAIN BELT and SANDTRAPPER work together to streamline water flow and bunker drainage.

For more information on SUPER MIGHTY EDGE, SIFON DRAIN BELT, SANDTRAPPER, and the TOTAL BUNKER SYSTEM, contact IVI-GOLF at 888-970-5111.
